Dashboards

The screenshot displays the AASHTOWare Bridge Management web application. The left sidebar contains a navigation menu with the following items: < Back, General Configuration, Inspection, Pages & Dashboards, Asset Types, Logging, Map Info Window, Multimedia, Options, Page Export (highlighted), Parameters, Scheduled Tasks, and Vehicle Types. The main content area shows the 'Page Export' settings. At the top, a breadcrumb trail 'Settings > General Configuration > Page Export' is highlighted with a red box. Below this, the 'Page Export' title is followed by 'Export' and 'Import' tabs, with 'Export' being the active tab. Under the 'Export Type' section, a dropdown menu is set to 'Page Builder Dashboards'. Below the dropdown, the text 'Page Builder Dashboards' is displayed, followed by an 'Edit' button. A message 'No items selected' is shown in a box. At the bottom of the main content area, there is an 'Export' button with a document icon. The footer of the sidebar contains the copyright notice: '© American Association of State Highway and Transportation Officials. All rights reserved.' and links to 'aashtoware.org' and 'AASHTO Publications'.

Reports

Take-a-ways

Reports SQL is not the same as SSMS SQL

Report SQL is not Oracle

Dashboards and reports that have a state-made Data field, Agency, that is given out by these Dashboards and reports must give the Asset Type/Field/ SQL.
